Professional Summary

Accomplished IT Asset and Configuration Leader with over 15 years of experience in operations and service delivery. Founder of UsePathly.com, an AI-driven SaaS platform where I manage the full product lifecycle, roadmap, and LLM prompt architecture. Proven expertise in directing IT Asset Management (ITAM), CMDB, and hardware provisioning for 20,000+ end-users in a global MSP environment, including leading a major FreshService migration. Strong track record of measurable business impact, including reducing customer churn from 14.5% to 3.8% and optimising vendor SLAs.

Professional Experience

Asset and Configuration Lead

Ekco Cloud & Security (Global MSP) • Dec 2025 - April 2026

- Directed a team of 8 (2 Logistics Specialists, 3 Build Engineers, 1 Asset & Configuration Manager, and 2 Endpoint & Applications Managers) following a successful post-migration restructure, down from a pre-migration team of 15.
- Optimised team structure by reducing from 5 Build Engineers + 5 User Lifecycle Specialists (Joiners, Movers & Leavers) + 5 Logistics staff into a more efficient 8-person team, while maintaining full ownership of IT Asset Management (ITAM), CMDB, stock logistics, hardware provisioning, and user onboarding for 20,000+ external end-users.
- Led the end-to-end migration from the legacy AssetTrac system to FreshService CMDB, significantly improving data completeness and asset record accuracy.
- Managed and owned commercial relationships and Service Level Agreements (SLAs) with hardware and procurement vendors to drive accountability and optimise logistics.
- Implemented automation for user account creation, streamlining onboarding processes.
- Own and monitor key department KPIs, including asset accuracy, CMDB completeness, and on-time device delivery.

Founder & Product Manager

UsePathly.com • Jul 2025 - Present

- Defined product strategy and 6-month roadmap for an AI-driven B2C career platform, prioritising 25+ tools (ATS Resume Builder, Skill Gap Analyser, Interview Coach) based on user research, activation data, and competitive analysis.
- Made deliberate scope trade-offs to focus on high-impact resume and interview workflows, accelerating time-to-value and improving early retention.
- Instrumented usage analytics to track feature adoption and drop-off, then iterated on onboarding and UX to reduce early churn.
- Designed and validated AI prompt architectures for core tools, balancing quality, latency, and cost while building practical expertise in LLM behaviour.
- Achieved initial paying subscribers at £11/month, validating willingness-to-pay and informing future pricing strategy.

Service Delivery Coordinator

Ekco Cloud & Security (Global MSP) • Jun 2025 - Nov 2025

- Orchestrated the complete hardware provisioning lifecycle, from initial build to client dispatch, utilising ticketing systems including FreshService and ServiceNow.
- Maintained precise IT asset inventories to support configuration management and streamline client onboarding.
- Acted as a key liaison between technical teams, suppliers, and clients to ensure on-time hardware deployment.

Operations Controller

Biffa Waste • Nov 2023 - May 2025

- Drove a significant reduction in customer churn from 14.5% to 3.8%, achieving a 68.33% higher retention rate than the nationwide depot average.
- Optimised driver schedules to improve service times and increase overall operational efficiency.
- Enforced strict compliance with regulatory standards and monitored driver performance to ensure safety and service quality.

Operations Manager

Biffa Waste • Feb 2022 - Oct 2023

- Led a team of 6 transport managers, overseeing diverse customer accounts and managing the complete client onboarding process.
- Improved customer satisfaction and drove business growth through strategic relationship management and a commitment to service excellence.

Lead Account Manager

Yusen Logistics • Jan 2021 - Feb 2022

- Improved Net Promoter Score (NPS) by 15% within six months by optimising service delivery and enhancing customer communication strategies.
- Managed a £5.2 million portfolio and led a team of 4 international transport managers.
- Built and maintained strong commercial relationships with key European partners, including Pfizer and Moderna.

Independent Logistics Consultant

Freelance • May 2018 - Dec 2020

- Advised small businesses on operational streamlining strategies to drive efficiency and support sustainable growth.
- Implemented Paradigm Routing SaaS software to optimise logistics and routing processes for multiple clients.

Head of Logistics & Regional Manager

Furniture Village • Aug 2008 - Apr 2018

- Progressed through 7 distinct roles to become Head of Logistics & Regional Manager, managing a 31-person team and overseeing operations across 18 additional depots.
- Managed multi-million-pound budgets and extensive inventory, optimising processes to contribute over £1M in additional revenue.
- Achieved and maintained a 4.5/5 Customer Satisfaction (CSAT) score from over 7,200 customers by implementing Voice of Customer (VoC) feedback systems.
- Evaluated, selected, and implemented new enterprise software and website developments, ensuring seamless integration with internal IT infrastructure.

Education

Edexcel National Diploma in IT Practitioner

Milton Keynes College • 2005

10 GCSEs (Grades A-B)

Ousedale School • 2003
